## **PREAMBLE:**

The Forest (Conservation) Act, 1980 (Central Act) is enacted to conserve the dwindling forest resources in the country. Section (2) of Forest (Conservation) Act, 1980 puts some restrictions on the de-reservation of forests or use of forest land for non-forest activities.

2. The Hon'ble Supreme Court of India in WP (Civil) 202/1995 (Godavarman Thirumulpad vs Union of India & others) has defined the scope of 'forest' and 'forest land' as mentioned in the Forest (Conservation) Act, 1980 vide its order dated 12/12/1996 as under:

*it has emerged at the hearing, that there is a misconception in certain quarters about the true scope of Forest(Conservation) Act-1980 (for short the 'Act') and the meaning of the word 'forest' used therein. There is also a resulting misconception about the need of prior approval of the Central Government, as required by Section 2 of the Act, in respect of certain activities in the forest area which are more often of a commercial nature. It is necessary to clarify that position.*

*The Forest Conservation Act, 1980 was enacted with a view to check further deforestation which ultimately results in ecological imbalance; and therefore the provisions made therein for the conservation of forests and for matters connected herewith must apply to all forests irrespective of the nature of ownership or classification thereof. The word 'Forest' must be understood according to its dictionary meaning. This description covers all statutorily recognised forests, whether designated as reserved, protected or otherwise for the purpose of Section 2(1) of the Forest Conservation Act. The term 'forest land', occurring in Section 2, will not only include "forest" as understood in the dictionary sense, but also any area recorded as 'forest' in the Government record irrespective of the ownership. This is how it has to be understood for the purpose of Section 2 of the Act. The provisions enacted in the Forest Conservation Act-1980 for the conservation of forests and the matters connected therewith must apply clearly to all forests so understood irrespective of the ownership or classification thereof.*

The Hon'ble Supreme Court further ordered that

"Each State Government should constitute within one month an Expert Committee to:

- identify areas which are 'forests' irrespective of whether they are so notified, recognised or classified under any law and irrespective of the ownership of the land of such forest;

11. In the light of the directions of Apex Court vide its order dated 12/12/1996 to have more clarity on the issue of identification of forest in Karnataka state, the whole issue may be dealt as follows.

- Statutorily recognised 'forests' ('Notified Forests' in CEC criteria): The details of the statutorily recognised 'forests' in the State of Karnataka are as follows:

4	Private Forests	<p>i) As per section 36 in the Karnataka Forest Act, 1963, any land containing trees and shrubs, pasture lands and any land whatsoever which the state government may, by notification under this section, declare to be a forest, is a private forest.</p> <p>ii) As per section 39 in the Karnataka Forest Act, 1963, any land notified by the State Government under this section for the protection of forests for special purposes is a private forest.</p>

- b) **Areas recorded as 'forests' in the Government records:** All the land parcels that are recorded as forest, aranya, kadu, marakadu, jungle etc., (i) in the land records (RTC Pahan etc.) maintained under the provisions of the Karnataka Land Revenue Act, 1964 (Act No. 12 of 1964) and allied statutes till 30<sup>th</sup> June 1981; (ii). All classes of lands in the survey settlement records prepared during the process of land revenue settlement; (iii). Forest Working Plans; (iv). District Census Handbooks of all the districts in the State of Karnataka; (v) All classes of lands designated as forests in the Karnataka Revenue Survey Manual, could be defined as "forest" for the purpose of the Forest (Conservation) Act, 1980.

c) **'Forests' as understood in the dictionary sense:**

The following field criteria is approved by the Government for determining the 'Forests' as understood in the dictionary sense (i) All Government land parcels (excluding those which are "statutory forests" and "forests as per Government records"), of an area of two hectares and above having at least a density of 50 naturally grown trees per hectare, of gbh of 30 cm and above (OR) All plantations on Government lands of an area of 2 Ha and above (excluding those which are "statutory forests" and "forests as per Government records") with a minimum density of 100 planted trees/ Ha of gbh of 30 cm and above. (gbh is girth of tree at breast measured at a height of 4.5 feet from ground)

- d) Plantations of any kind on private lands shall not be considered as 'forests'. Private lands with naturally grown trees, with 50 trees per hectare of gbh 30 cm and above, on an extent of 5Ha and above shall only be treated as "private forests".

12. After exclusion of all the above 'forests', the remaining areas out of the lands at the disposal of Govt., as per the definition of "District Forests" under Section 2(2) of the Karnataka Forest Act, 1963 can be excluded from the purview of Forest Conservation Act, 1980 after seeking necessary orders from Apex Court by filing an Affidavit/Interlocutory Application in the Court in WP(Civil) 202/1995 with proper justification for such exclusion. The lands so excluded shall be reserved for public purpose like Health, Education, Irrigation, Social Welfare, Rural Housing and essential Rural Infrastructure.

Now, the Government of Karnataka examined all the aspects in the light of the above facts and decided to issue the following order:-

A vibrant, sunlit forest scene. A narrow dirt path winds through a dense thicket of green ferns and undergrowth. Tall, slender trees with lush green canopies rise on either side, with sunlight filtering through the leaves, creating a dappled light effect. The overall atmosphere is peaceful and natural.
